

# 3rd Lunch Seminar 18.04.13

12.00-13.15 Kristine Bonnevis House, Blindern – Auditorium 2

## Life after PhD - Where do people work?

The PhD-forum at the Department of Biosciences in collaboration with Biostruct invites to a spring seminar-series about life after the PhD. People that have taken a PhD in life science, and now work outside of academia come and tell about their experience. What have they done after the PhD, where do they work, and how did they end up there? What kind of skills apart from the scientific background has been valuable to them?

### Program:

12.00 - Coffee and cakes

12.15 -12.45 Talk by Audrun Utskarpen - The Norwegian Biotechnology Advisory Board

12.45 -13.15 Talk by Øyvind Fensgård - MLSUiO

**Audrun Utskarpen** has her PhD from the Department of Molecular Biosciences, under the supervision of Kirsten Sandvik.

**Øyvind Fensgård** has his PhD from the Biotechnology Center of Oslo, under the supervision of Hilde Nilsen.

All from Department of Biosciences and Biostruct are welcome. Coffee and cakes will be served from 12

Norwegian Graduate school in Structural Biology -A collaboration between 5 universities
