

MCHO-seminar October 2015:

Making Lars Levi Laestadius Online

Two platforms (or one divided in two)

- In diverse academic disciplines
- As help for our own research
- Open to professional researchers as well as local historians
- Educational:
 - Develop material for use in schools
 - Focus on a northern cultural heritage
 - Tool for inductive learning

Project focus

- Annotated transcripts of original publications/letters in the original language
- Translations into Finnish, Swedish/Norwegian, Sami and English, as available
- Texts existing only in Finnish and/or Sami to be translated into English
- Oral presentation of some of the material in selected northern dialects
- Development of pedagogical Resources
- Developing disciplinary and multidisciplinary research projects on the material

Laestadius' scientific fields:

- **Linguistics**
- **Ethnology/Mythology**
- **Botany**
- **Natural Science**
- **Theology**
- **Philosophy**
