For participant use and parallel session chairs

Wednesday, 3 June 2026

Time Slot: **08:30 - 09:35**

OPENING – 08:30 - 08:35

Speakers 1. **Cecilie Dahl** 2. **Kristian Svendsen**

Keynote 1 | Walter Ricciardi – 08:35 - 09:35

Location: Margarinfabrikken

Session Chairs 1. **Torkjel Sandanger** 2. **Marit Waaseth**

The Need for Courageous Leadership in Science and Health in Challenging Times

Time Slot: **09:35 - 10:35**

Panel discussion | 09:35 - 10:35

Location: Margarinfabrikken

Session Moderator 1. **Sameline Grimsgaard**

What Nordic cohorts bring to world-leading health research today

Panelists:

- Sameline Grimsgaard (Norway, *moderator*)
- Anita Berglund (Sweden)
- Lau Caspar Thygesen (Denmark)
- Mika Gissler (Finland)
- Thor Aspelund (Iceland)

Coffee break: **10:35 – 11:00**

Time Slot: **11:00 - 12:00**

Parallel 1 | Cancer I – 11:00 - 12:00

Location: Arbeidskontoret 1

Session Chairs **1. Hannah Brooke** **2. Elena Extrand**

Presentation 1 | Submission ID: **296**

Presenter Name: **Dagrunn Daltveit**

Abstract Title Preterm Birth, Major Birth Defects and Childhood Cancer Risk: A large Scandinavian population-based case-control study

Presentation 2 | Submission ID: **152**

Presenter Name: **Katrine Mose**

Abstract Title Childhood Cancer Risk After Assisted Reproductive Technology

Presentation 3 | Submission ID: **199**

Presenter Name: **Ronas Shakya**

Abstract Title Age-associated patterns in the healthy serum autoantibodyome.

Presentation 4 | Submission ID: **113**

Presenter Name: **Sarah Hjorth**

Abstract Title Translating CLEOPATRA into Routine Practice: National Treatment Patterns and Survival for patients with HER2-Positive Metastatic Breast Cancer

Parallel 2 | Perinatal Pharmacoepidemiology – 11:00 - 12:00

Location: Arbeidskontoret 2

Session Chairs **1. Jacqueline Cohen** **2. Kari Furu**

Presentation 1 | Submission ID: **82**

Presenter Name: **Akhila Reddy**

Abstract Title Prenatal antidepressant exposure and child language outcomes at 5 and 8 years of age: the Norwegian Mother, Father and Child Cohort (MoBa) study

Presentation 2 | Submission ID: **133**

Presenter Name: **Jinmei Chen**

Abstract Title Preconception antidepressant use in men and metabolic disorders in offspring: A Danish population-based cohort study

Presentation 3 | Submission ID: **84**

Presenter Name: **Maarit K Leinonen**

Abstract Title Effectiveness of the pregnancy prevention programme for prenatal isotretinoin exposure: a Finnish population-based cohort study in 1996-2023

Presentation 4 | Submission ID: **126**

Presenter Name: **Xiaoqin Liu**

Abstract Title Risk of relapse in psychotic and bipolar disorders after antipsychotic discontinuation before or during pregnancy

Parallel 3 | Children / Adolescents – 11:00 - 12:00

Location: Margarinfabrikken

Session Chairs 1. Nhung Trinh 2. Yiyi Xu**Presentation 1** | Submission ID: **67****Presenter** Name: **Heidi Sonne****Abstract Title** Variation in use of psychotropic medication and psychiatric diagnoses among children, adolescents, and young adults in Denmark**Presentation 2** | Submission ID: **95****Presenter** Name: **Fredrik Nyberg****Abstract Title** Mind the gap: Rebound of childhood respiratory infections after the COVID-19 pandemic**Presentation 3** | Submission ID: **127****Presenter** Name: **Emma Simonsen****Abstract Title** Melatonin Use in Danish Children, Adolescents, and Young Adults During 2015-2024: Trends Among Subgroups With ADHD, Autism, or No Neurodevelopmental Disorders**Presentation 4** | Submission ID: **143****Presenter** Name: **Janet L Peacock****Abstract Title** Infections in pregnancy and neuropsychiatric and neurodevelopmental outcomes in offspringTime Slot: **12:00 – 13:00****Poster viewing I | 12:00 – 13:00**

All day 1 posters

Lunch: **13:00 – 14:00**Time Slot: **14:00 - 15:00****Keynote 2 | Anton Pottegård – 14:00 – 15:00**

Location: Margarinfabrikken

Session Chairs 1. Kristian Svendsen 2. Therese Haugdahl Nøst

Making transparency and reproducibility a hallmark of Nordic real-world evidence

Coffee break: 15:00 – 15:30

Time Slot: 15:30 - 16:30

Parallel 4 | Cancer II – 15:30 - 16:30

Location: Margarinfabrikken

Session Chairs 1. Karina Standahl Olsen 2. Hannah Brooke

Presentation 1 | Submission ID: 162

Presenter Name: Tanja Stocks

Abstract Title Weight Trajectories and Cancer Risk in the Obesity and Disease Development Sweden (ODDS) Study

Presentation 2 | Submission ID: 22

Presenter Name: Lau Casper Thygesen

Abstract Title Cancer incidence and survival among people with Down syndrome

Presentation 3 | Submission ID: 292

Presenter Name: Nathalie Støer

Abstract Title Beta-blockers in combination with chemotherapy and breast cancer survival: protocol of a pragmatic emulated target trial in Norway leveraging a treatment decision design

Presentation 4 | Submission ID: 88

Presenter Name: André Karch

Abstract Title Effectiveness of the German Mammography Screening Program on Breast Cancer Mortality – a triangulation analysis based on health claims data and cancer registry data

Parallel 5 | NOFE: Special Covid Issue – 15:30 - 16:30

Location: Arbeidskontoret 1

Session Chairs 1. Christian Magnus Page 2. Lill-Iren Schou Togstad

Presentation 1 | Submission ID: 237

Presenter Name: Berit Feiring

Abstract Title Assessing adverse events following vaccination using population-based cohorts

Presentation 2 | Submission ID: 243

Presenter Name: Francesco Di Ruscio

Abstract Title	Modelling the COVID-19 pandemic in Norway: reflections from the Norwegian Institute of Public Health modelling team
Presentation 3	Submission ID: 26
Presenter	Name: Karan Golestani
Abstract Title	Contact tracing in Oslo during COVID-19: Indicators, geographical variations and recommendations for future preparedness
Presentation 4	Submission ID: 23
Presenter	Name: Richard Aubrey White
Abstract Title	The long shadow of COVID-19 on Norwegian sick leave and primary healthcare consultations
Presentation 5	Submission ID: 100
Presenter	Name: Ida-Henriette Caspersen
Abstract Title	Long COVID in Norwegian cohorts: MoBa, NorFlu, Young Adult and the Senior Cohort

Parallel 6 | Environmental Epidemiology – 15:30 - 16:30

Location: Arbeidskontoret 2

Session Chairs **1. Cecilie Dahl** **2. Dolley Charles**

Presentation 1	Submission ID: 195
Presenter	Name: Stine Normann
Abstract Title	Early-life PFAS exposure associations with B- and T-cell distributions at age 15: Faroese Birth Cohort 5.
Presentation 2	Submission ID: 17
Presenter	Name: Jin Wang
Abstract Title	Serum Per- and Polyfluoroalkyl Substances (PFAS) and Bone Mineral Density in Norwegian Adolescents: Sex-Specific Associations and Mixture Effects
Presentation 3	Submission ID: 103
Presenter	Name: Rebecca Beatrix Clark
Abstract Title	Interaction of long-term exposure to air pollution and childhood adversity trajectories on 9th-grade exit examinations: A population-based cohort study of more than 700,000 children
Presentation 4	Submission ID: 259
Presenter	Name: Jing Wu
Abstract Title	Long-Term Exposure to Air Pollution in Relation to the Risk and Prognosis of Motor Neuron Disease

Short break: 16:30 – 16:40

Time Slot: **16:40 - 17:40**

Parallel 7 | Big Data / Omics / ML – 16:40 - 17:40

Location: Arbejdskontoret 1

Session Chairs **1. Therese Haugdahl Nøst** **2. Erlend H Farbu**
Presentation 1 | Submission ID: **99**
Presenter Name: **Julia Romanowska**
Abstract Title Comprehensive screening of drug usage suggests drug repurposing candidates for Parkinson's disease treatment

Presentation 2 | Submission ID: **186**
Presenter Name: **Tayebeh Azimi**
Abstract Title Identifying possible proteomics pathways of the effect of exogenous hormones on breast cancer: A two-stage observational and mendelian randomization study

Presentation 3 | Submission ID: **132**
Presenter Name: **Benedetta Canova**
Abstract Title Shallow Learning vs. Deep Learning for Text Classification: A Case Study on Bronchiolitis in Paediatric Discharge Letters

Presentation 4 | Submission ID: **191**
Presenter Name: **Shomaila Mazhar**
Abstract Title Integrating Individual-Level Syndromic Surveillance Data into Infectious Disease Modelling for Enhanced COVID-19 Surveillance and Forecasting

Parallel 8 | Covid – 16:40 - 17:40

Location: Margarinfabrikken

Session Chairs **1. Ida Henriette Caspersen** **2. Per Magnus**
Presentation 1 | Submission ID: **305**
Presenter Name: **Birgitte Freiesleben de Blasio**
Abstract Title From COVID-19 to Disease X: Building Sustainable Pandemic Preparedness Modelling in the Nordic Region

Presentation 2 | Submission ID: **266**
Presenter Name: **Håvard K Skjellegrind**
Abstract Title Alzheimer's disease biomarkers after COVID-19 - The HUNT Study

Presentation 3 | Submission ID: **173**
Presenter Name: **Yiyi Xu**
Abstract Title Risk for new onset of type 1 diabetes associated with COVID-19 infection or vaccination: a register-based population study in Sweden

Presentation 4 | Submission ID: **85**
Presenter Name: **Lisa Morris**
Abstract Title Booster dose of COVID-19 vaccine and its effectiveness against post COVID-19 condition among 1,386,949 individuals with pre-existing immunity against SARS-CoV-2: a propensity-scored matched cohort study

Parallel 9 | Comorbidity – 16:40 - 17:40
Location: Arbeidskontoret 2

Session Chairs 1. **Guri Skeie** 2. **Håkon Meyer**

Presentation 1 | Submission ID: **265**

Presenter Name: **Komodo Matta**

Abstract Title Social inequalities in multimorbidity and mortality in two European cohorts

Presentation 2 | Submission ID: **72**

Presenter Name: **Blair Rajamaki**

Abstract Title Age, age-related comorbidities, and survival in palbociclib, ribociclib and abemaciclib users with advanced breast cancer: a Finnish nation-wide retrospective cohort study

Presentation 3 | Submission ID: **239**

Presenter Name: **Fulvio Ricceri**

Abstract Title Socioeconomic Position Shapes Multimorbidity Trajectories in Ageing Populations: A Population-Based Cohort Study

Presentation 4 | Submission ID: **197**

Presenter Name: **Madeleine Joyce Simmons**

Abstract Title Healthcare use trajectories for diagnosed musculoskeletal pain and psychological distress from adolescence to adulthood: a 13-year follow-up of the Young-HUNT3 cohort

Short break: 17:40 – 18:00

Welcome gathering: 18:00 – 18:50
Aperitif will be served in the lobby, followed by light tapas on the second floor restaurant

Thursday, 4 June 2026

Keynote 3 | Frode Froland – COVID and preparedness – 08:00 - 09:00
 Location: Margarinfabrikken

Session Chairs 1. [Christian Page](#) 2. [Lill-Iren Schou Trogstad](#)

Between research and public health practice, what can we learn from the Covid-19 pandemic, related to research before, during and after?

Time Slot: 09:00 - 10:00

Parallel 10 | Pharmacoepi Methods – 09:00 - 10:00
 Location: Margarinfabrikken

Session Chairs 1. [Kristian Svendsen](#) 2. [Maarit Leinonen](#)

Presentation 1 | Submission ID: **61**

Presenter Name: [Sandra Blomqvist](#)

Abstract Title Anticipated Job Loss and Initiation of Psychotropic Medication: A Case Crossover Study of Employees Registered with Layoff Notifications

Presentation 2 | Submission ID: **233**

Presenter Name: [Jules Bangard](#)

Abstract Title A novel way to study the effects of combinations of drugs

Presentation 3 | Submission ID: **48**

Presenter Name: [Sophie Egsgaard](#)

Abstract Title Adjusting for temporal trends in exposure in the case-crossover design: A simulation study

Presentation 4 | Submission ID: **170**

Presenter Name: [Jakob Kronkvist Hoe](#)

Abstract Title Timing and effectiveness of treatment with remdesivir for hospitalized COVID-19 infection

Parallel 11 | Inequalities – 09:00 - 10:00

Location: Arbejdskontoret 1

Session Chairs 1. [Mika Gisler](#) 2. [Kristin Benjaminsen Borch](#)**Presentation 1** | Submission ID: **206****Presenter** Name: [Marie Birkvig Raft](#)**Abstract Title** Mapping inequality of depression in Denmark: Results from a register-based multilevel study across Danish municipalities between 2012-2023**Presentation 2** | Submission ID: **29****Presenter** Name: [Genevieve Allen](#)**Abstract Title** Hospitalizations and survival of childhood cancer in children with a migrant background compared to Swedish-background in Sweden, 1991-2023**Presentation 3** | Submission ID: **42****Presenter** Name: [Maria Bygdell](#)**Abstract Title** Six decades of trends in BMI, thinness, overweight, and obesity among 210,927 Swedish children in different socioeconomic contexts**Presentation 4** | Submission ID: **38****Presenter** Name: [Janet Janbek](#)**Abstract Title** The potential for prevention of dementia in Denmark: a nationwide cohort study**Parallel 12 | Maternal / Reproductive** – 09:00 - 10:00

Session Chairs 1. [Christian Page](#) 2. [Xiaoqin Liu](#)**Presentation 1** | Submission ID: **71****Presenter** Name: [Marie Christine Magnus](#)**Abstract Title** Lessons learned from Nordic registry studies of maternal and offspring health risks associated with COVID-19 infection and vaccination during pregnancy**Presentation 2** | Submission ID: **80****Presenter** Name: [Silje Malen Andreassen](#)**Abstract Title** Is leisure-time physical activity associated with preeclampsia or gestational hypertension in twin pregnancies?**Presentation 3** | Submission ID: **81****Presenter** Name: [Huong T Nguyen](#)**Abstract Title** Nationwide identification of Assisted Reproductive Technology cycles in Norway using dispensed medications**Presentation 4** | Submission ID: **57****Presenter** Name: [Emma Skovgaard Pedersen](#)**Abstract Title** Preconception dietary folate intake and risk of spontaneous abortion

Coffee break: **10:00-10:30**

Time Slot: **10:30 - 11:30**

Keynote 3 | Unnur Anna Valdimarsdóttir – Trauma – 10:30 - 11:30
Location: Margarinfabrikken

Session Chairs 1. **Susanna Siri** 2. **Tone Engen**

The contribution of Nordic data to the knowledgebase on trauma-illness links.

Time Slot: **11:30 - 12:30**

Parallel 13 | Nordic Collaboration – 11:30 - 12:30
Location: Arbeidskontoret 1

Session Chairs 1. **Nhung Trinh** 2. **Jacqueline Cohen**

Presentation 1 | Submission ID: **63**

Presenter Name: **Elena Extrand**

Abstract Title Socioeconomic position and survival after a childhood central nervous system tumor in Sweden, Denmark, and Finland: a register-based cohort study

Presentation 2 | Submission ID: **89**

Presenter Name: **Ida Henriette Caspersen**

Abstract Title The smoking-COVID-19 paradox: lessons from a triangulation approach in the Nordic Countries (Tobrisk-Cov) - Submitted to the COVID issue of Norsk Epidemiologi/ the Norwegian Journal of Epidemiology.

Presentation 3 | Submission ID: **164**

Presenter Name: **Eivind Ness-Jensen**

Abstract Title Long-term proton pump inhibitor use and risk of gastric neuroendocrine neoplasms in a population-based study from the five Nordic countries

Presentation 4 | Submission ID: **138**

Presenter Name: **Jacqueline M Cohen**

Abstract Title Discontinuation of ADHD medication in pregnancy and risk of perinatal depression and anxiety: A Nordic register-based target-trial emulation study

Parallel 14 | Nutrition / Bone Health – 11:30 - 12:30
Location: Arbeidskontoret 2

Session Chairs 1. **Tone Omsland** 2. **Kristin Holvik**

Presentation 1	Submission ID: 207
Presenter	Name: Kristin Holvik
Abstract Title	Explaining the declining hip fracture incidence in Denmark 1999-2018. The Hip-IMPACT model
Presentation 2	Submission ID: 238
Presenter	Name: Marianne Lund
Abstract Title	The influence of body mass index on bone accrual in transition from adolescence into early adulthood. The Fit Futures study.
Presentation 3	Submission ID: 271
Presenter	Name: Haakon E Meyer
Abstract Title	How many persons are at increased risk of future osteoporotic fractures in Norway?
Presentation 4	Submission ID: 86
Presenter	Name: Helén Eke
Abstract Title	Dietary patterns and risk for Parkinson's disease: a prospective cohort study

Parallel 15 | Infectious Disease – 11:30 - 12:30
Location: Margarinfabrikken

Session Chairs **1. Marissa LeBlanc** **2. Gunnar Øyvind Isaksson Rø**

Presentation 1	Submission ID: 163
Presenter	Name: Helene Kildegaard
Abstract Title	Real-world effectiveness of incident and repeated vaccination with the quadrivalent live attenuated influenza vaccine in Danish children 2-6 years of age 2022-2024: a nationwide cohort study emulating a target trial
Presentation 2	Submission ID: 278
Presenter	Name: Jonas Christoffer Lindstrøm

Presentation 4	Submission ID: 245
Presenter	Name: Fen Yang
Abstract Title	Association between maternal psychiatric disorders before and during pregnancy and cardiovascular disease in offspring: a Swedish nationwide cohort study

Parallel 18 | Obesity / T2DM – 15:00 - 16:00

Location: Arbeidskontoret 2

Session Chairs **1. Marie Lundblad** **2. Dolley Charles**

Presentation 1	Submission ID: 268
Presenter	Name: Erlend H Farbu
Abstract Title	Prevalence of chronic inflammation using different thresholds for C-reactive protein in four measurements. The Tromsø Study
Presentation 2	Submission ID: 140
Presenter	Name: Huyen Le
Abstract Title	Waist circumference trajectories between 30 and 60 years of age, and risk of cancer, cardiovascular diseases, type 2 diabetes mellitus and mortality: the Obesity and Disease Development Sweden (ODDS) pooled cohort study
Presentation 3	Submission ID: 122
Presenter	Name: Ingibjörg Magnúsdóttir
Abstract Title	Mental Health Outcomes Among GLP-1 Medication Users: Evidence From the Icelandic SAGA Cohort
Presentation 4	Submission ID: 196
Presenter	Name: Christine Ljungberg
Abstract Title	Impact of SGLT2i Use on Risk of Phimosis and Penile Cancer: A Danish Cohort Study Emulating a Target Trial

Coffee break: 16:00 – 16:15

Time Slot: **16:15 – 17:15**

Symposium | Global burden of disease – 16:15 – 17:15

Location: Margarinfabrikken

Session Chairs Ann Kristin Skrindo Knudsen & Peter Allebeck

Use of Burden of Disease Estimates for knowledge production and public health policy in the Nordic region

Friday, 5 June 2026

Time Slot: **09:00 – 10:00**

Symposium parallel 1 | Psychiatric epidemiology – 09:00 – 10:00

Location: Margarinfabrikken 1&2

Session Chairs Aleksi Hamina & Heidi Taipale

Lessons learnt from comparative studies of Nordic countries in the field of psychiatric epidemiology and pharmacoepidemiology

Symposium parallel 2 | Careers in pharmacoepidemiology – 09:00 – 10:00

Location: Arbeidskontoret 1

Session Chairs Anton Pottegård

Purposeful career building in pharmacoepidemiology

Symposium parallel 3 | Vaccine effectiveness – 09:00 – 10:00

Location: Arbeidskontoret 2

Session Chairs Marissa LeBlanc & Hinta Meijerink

Advancing Vaccine Effectiveness Studies: Methods and Applications

Coffee break: **10:00 – 10:30**

Time Slot: **10:30 – 11:30**

Parallel 19 | Mental Health II – 10:30 - 11:30

Location: Margarinfabrikken

Session Chairs 1. Atle Kongsvold 2. Heidi Taipale

Presentation 1 | Submission ID: **234**

Presenter Name: **Alejandra Martinez Sanchez**

Abstract Title Incidence, prevalence and comorbidity time-trends of anxiety and depressive disorders among young people in Norway between 2010 and 2022

Presentation 2	Submission ID: 90
Presenter	Name: Christian M Page
Abstract Title	Psychiatric Diagnosis in Offspring from Consanguineous Parents: A Nation-Wide Norwegian Register Study

Presentation 4	Submission ID: 160
Presenter	Name: Pernille Bach Steen
Abstract Title	Predicting high perceived stress in late adolescence: development and internal validation of a prognostic model

Parallel 20 | Occupational Health – 10:30 - 11:30

Location: Arbeidskontoret 1

Session Chairs **1. Ingeborg Forthun** **2. Tom Ivar Lund Nilsen**

Presentation 1	Submission ID: 158
Presenter	Name: Oskar Halling Ullberg
Abstract Title	A sustainable and healthy lifestyle index and its association with metabolic syndrome among Swedish Office Workers
Presentation 2	Submission ID: 145
Presenter	Name: Katalin Gémes
Abstract Title	Multimorbidity among individuals on sick leave due to common mental disorders - a comorbidity network analysis approach
Presentation 3	Submission ID: 175
Presenter	Name: Bodil Elisabeth Valstad Aasan
Abstract Title	Occupational particle and chemical exposure and dementia risk: a nationwide register-based study of Swedish workers
Presentation 4	Submission ID: 203
Presenter	Name: Bertina Kreshpaj
Abstract Title	Employment quality as a dynamic exposure: cancer incidence and employment patterns in Denmark between 2008-2021

Parallel 21 | CVD – 10:30 - 11:30

Location: Arbeidskontoret 2

Session Chairs **1. Ekaterina Sharashova** **2. Linn Nilsen**

Presentation 1	Submission ID: 77
Presenter	Name: Luka Marko Rašo
Abstract Title	Plasma metabolomics profile of alcohol consumption and association with cardiovascular disease: a multi-cohort study from Sweden
Presentation 2	Submission ID: 109

Presenter	Name: Anita Berglund
Abstract Title	Changes in midlife consumption of fish and red meat and cardiovascular risk in Swedish men and women - How much do socioeconomic adjustments matter?
Presentation 3	Submission ID: 139
Presenter	Name: Grethe Albrektsen
Abstract Title	Sex and age differences in the association between diabetes and the risk of incident myocardial infarction. The Tromsø study 1979-2016
Presentation 4	Submission ID: 154
Presenter	Name: Xavier Trudel
Abstract Title	Does estimated arterial stiffness predict cardiovascular events? Evidence from a prospective population-based cohort.

CLOSING – 11:30 – 12:00

Speakers **1. Cecilie Dahl 2. Therese H Nøst 3. Maarit Leinonen**

Lunch: 13:00 – 14:00
